

Flight Teaching Resources

Vanessa Harbour

ART & DT

1. Jakob is very proud to wear the uniform. Research what uniform the Spanish Riding School wears and then design a uniform that they would like to see them wear.
2. The Spanish Riding School have very special cloths which they place under the saddle when they are riding. They are edged in gold and can be different coloured. Design saddle cloths to put under the saddle.
3. Create a poster to announce the performance where Director Podhajsky and the Spanish Riding School perform in front of General Patton from the US Army and invite others to come and watch.
4. Lipizzaner horses are very beautiful. When they are first born they are black as they grow up they get lighter and go through various shades of grey until they are pure white.
 - a. Research the different types of grey that a horse can be.
 - b. Draw a horse and colour it in. Decide what age it is going to be and colour appropriately.
5. Using straws/small sticks and string build a contraption to carry Herr Engel when he broke his leg just like Jakob and Kizzy did. If no straws and string draw it. (Cross Curricula with STEM)
