

WHERE'S MAX?

Dear reader,

I'm on a very important mission, and I need your help! My friend Monster Max is somewhere in the hidden land of Krit. I need to find him and bring him home to celebrate our latest book, *Monster Max: This Time It's Sirius*.

Perched on the top of a very pointy mountain, Krit is the smallest, most hidden country in the world. I'm about to set off on a perilous journey to find it!

See if you can spot Max in the photos — marked **WHERE'S MAX?** — that I take along the way (10 in total).

See you soon (hopefully...),

Robin

Me — about to start my dangerous journey to find Max

My new book

**WHERE'S
MAX?**

*I've looked everywhere but no sign of Krit.
Although, I have a strange feeling I'm being watched...*

*Wait... I've found it!
There's Krit, hidden by clouds.*

**WHERE'S
MAX?**

*This is amazing. At the top, I can see
the mountains where the Rock Giants live ...
but still no sign of Max...*

WHERE'S
MAX?

Very thirsty work this.
I'll fill my water bottle in this stream.

WHERE'S
MAX?

Just having a drink before setting out on my quest.

WHERE'S
MAX?

Something definitely feels a bit weird...
like I'm being followed.

WHERE'S
MAX?

I've arrived at the scary woods,
where the red-eyed werewolves live. Shhhhh!

WHERE'S
MAX?

But, I'm very brave and eventually it gets brighter. Phew!

Then I arrive at a strange hill,
like a mini Krit on top of Krit.

WHERE'S
MAX?

At the foot of the strange hill, something orange catches my eye.

WHERE'S
MAX?

Monsters are very good climbers.
Quick! Before we lose him!

WHERE'S
MAX?

But Max is waiting for me
at the top ... Hooray!

...and we have a nice sandwich
together.

Thanks for your help finding Max!

Max is very happy to be home...
sort of...
